## Discover More about the 300-710 Certification

Are you interested in passing the Cisco 300-710 exam? First discover, who benefits from the 300-710 certification. The 300-710 is suitable for a candidate if he wants to learn about Security. Passing the 300-710 exam earns you the Cisco Certified Network Professional Security title.

While preparing for the 300-710 exam, many candidates struggle to get the necessary materials. But do not worry; your struggling days are over. The 300-710 PDF contains some of the most valuable preparation tips and the details and instant access to useful [300-710 study materials just at one click](#).

## Cisco 300-710 CCNP Security Certification Details:

Exam Name	Securing Networks with Cisco Firepower
Exam Number	300-710 SNCF
Exam Price	\$300 USD
Duration	90 minutes
Number of Questions	55-65
Passing Score	Variable (750-850 / 1000 Approx.)
Recommended Training	<a href="#">Securing Networks with Cisco Firepower Next Generation Firewall (SSNGFW)</a> <a href="#">Securing Networks with Cisco Firepower Next-Generation IPS (SSFIPS)</a>
Exam Registration	<a href="#">PEARSON VUE</a>
Sample Questions	<a href="#">Cisco 300-710 Sample Questions</a>
Practice Exam	<a href="#">Cisco Certified Network Professional Security Practice Test</a>

## 300-710 Syllabus:

Section	Weight	Objectives
Deployment	30%	<ul style="list-style-type: none"> <li>- Implement NGFW modes                             <ul style="list-style-type: none"> <li>• Routed mode</li> <li>• Transparent mode</li> </ul> </li> <li>- Implement NGIPS modes                             <ul style="list-style-type: none"> <li>• Passive</li> <li>• Inline</li> </ul> </li> </ul>

Section	Weight	Objectives
		<ul style="list-style-type: none"> <li>- Implement high availability options               <ul style="list-style-type: none"> <li>• Link redundancy</li> <li>• Active/standby failover</li> <li>• Multi-instance</li> </ul> </li> <li>- Describe IRB configurations</li> </ul>
Configuration	30%	<ul style="list-style-type: none"> <li>- Configure system settings in Cisco Firepower Management Center</li> <li>- Configure these policies in Cisco Firepower Management Center               <ul style="list-style-type: none"> <li>• Access control</li> <li>• Intrusion</li> <li>• Malware and file</li> <li>• DNS</li> <li>• Identity</li> <li>• SSL</li> <li>• Prefilter</li> </ul> </li> <li>- Configure these features using Cisco Firepower Management Center               <ul style="list-style-type: none"> <li>• Network discovery</li> <li>• Application detectors (Open AppID)</li> <li>• Correlation</li> <li>• Actions</li> </ul> </li> <li>- Configure objects using Firepower Management Center               <ul style="list-style-type: none"> <li>• Object Management</li> <li>• Intrusion Rules</li> </ul> </li> <li>- Configure devices using Firepower Management Center               <ul style="list-style-type: none"> <li>• Device Management</li> <li>• NAT</li> <li>• VPN</li> <li>• QoS</li> </ul> </li> </ul>

Section	Weight	Objectives
		<ul style="list-style-type: none"> <li>Platform Settings</li> <li>Certificates</li> </ul>
Management and Troubleshooting	25%	<ul style="list-style-type: none"> <li>Troubleshoot with FMC CLI and GUI</li> <li>Configure dashboards and reporting in FMC</li> <li>Troubleshoot using packet capture procedures</li> <li>Analyze risk and standard reports</li> </ul>
Integration	15%	<ul style="list-style-type: none"> <li>Configure Cisco AMP for Networks in Firepower Management Center</li> <li>Configure Cisco AMP for Endpoints in Firepower Management Center</li> <li>Implement Threat Intelligence Director for third-party security intelligence feeds</li> <li>Describe using Cisco Threat Response for security investigations</li> <li>Describe Cisco FMC PxGrid Integration with Cisco Identify Services Engine (ISE)</li> <li>Describe Rapid Threat Containment (RTC) functionality within Firepower Management Center</li> </ul>

## Broaden Your Knowledge with Cisco 300-710 Sample Questions:

### Question: 1

When do you need the file-size command option during troubleshooting with packet capture?

- a) when capture packets are less than 16 MB
- b) when capture packets are restricted from the secondary memory
- c) when capture packets exceed 10 GB
- d) when capture packets exceed 32 MB

**Answer: d**

### Question: 2

How many report templates does the Cisco Firepower Management Center support?

- a) 20
- b) 10
- c) 5
- d) unlimited

**Answer: d**

**Question: 3**

What are the minimum requirements to deploy a managed device inline?

- a) inline interfaces, security zones, MTU, and mode
- b) passive interface, MTU, and mode
- c) inline interfaces, MTU, and mode
- d) passive interface, security zone, MTU, and mode

**Answer: c**

**Question: 4**

Which action should you take when Cisco Threat Response notifies you that AMP has identified a file as malware?

- a) Add the malicious file to the block list
- b) Send a snapshot to Cisco for technical support
- c) Forward the result of the investigation to an external threat-analysis engine
- d) Wait for Cisco Threat Response to automatically block the malware

**Answer: a**

**Question: 5**

After deploying a network-monitoring tool to manage and monitor networking devices in your organization, you realize that you need to manually upload an MIB for the Cisco FMC. In which folder should you upload the MIB file?

- a) /etc/sf/DCMIB.ALERT
- b) /sf/etc/DCEALERT.MIB
- c) /etc/sf/DCEALERT.MIB
- d) system/etc/DCEALERT.MIB

**Answer: c**

**Question: 6**

With Cisco Firepower Threat Defense software, which interface mode must be configured to passively receive traffic that passes through the appliance?

- a) inline set
- b) passive
- c) routed
- d) inline tap

**Answer: b**

**Question: 7**

Which Cisco Advanced Malware Protection for Endpoints policy is used only for monitoring endpoint actively?

- a) Windows domain controller
- b) audit
- c) triage
- d) protection

**Answer: b****Question: 8**

In a Cisco AMP for Networks deployment, which disposition is returned if the cloud cannot be reached?

- a) unavailable
- b) unknown
- c) clean
- d) disconnected

**Answer: a****Question: 9**

What is the maximum SHA level of filtering that Threat Intelligence Director supports?

- a) SHA-1024
- b) SHA-4096
- c) SHA-512
- d) SHA-256

**Answer: d****Question: 10**

On the advanced tab under inline set properties, which allows interfaces to emulate a passive interface?

- a) transparent inline mode
- b) TAP mode
- c) strict TCP enforcement
- d) propagate link state

**Answer: d**

## Avail the Study Guide to Pass Cisco 300-710 CCNP Security Exam:

- Find out about the 300-710 syllabus topics. Visiting the official site offers an idea about the exam structure and other important study resources. Going through the syllabus topics help to plan the exam in an organized manner.
- Once you are done exploring the [300-710 syllabus](#), it is time to plan for studying and covering the syllabus topics from the core. Chalk out the best plan for yourself to cover each part of the syllabus in a hassle-free manner.
- A study schedule helps you to stay calm throughout your exam preparation. It should contain your materials and thoughts like study hours, number of topics for daily studying mentioned on it. The best bet to clear the exam is to follow your schedule rigorously.
- The candidate should not miss out on the scope to learn from the 300-710 training. Joining the Cisco provided training for 300-710 exam helps a candidate to strengthen his practical knowledge base from the certification.
- Learning about the probable questions and gaining knowledge regarding the exam structure helps a lot. Go through the [300-710 sample questions](#) and boost your knowledge
- Make yourself a pro through online practicing the syllabus topics. 300-710 practice tests would guide you on your strengths and weaknesses regarding the syllabus topics. Through rigorous practicing, you can improve the weaker sections too. Learn well about time management during exam and become confident gradually with practice tests.

## Career Benefits:

Passing the 300-710 exam, helps a candidate to prosper highly in his career. Having the certification on the resume adds to the candidate's benefit and helps to get the best opportunities.

## Here Is the Trusted Practice Test for the 300-710 Certification

NWExam.com is here with all the necessary details regarding the 300-710 exam. We provide authentic practice tests for the 300-710 exam. What do you gain from these practice tests? You get to experience the real exam-like questions made by industry experts and get a scope to improve your performance in the actual exam. Rely on NWExam.com for rigorous, unlimited two-month attempts on the [300-710 practice tests](#), and gradually build your confidence. Rigorous practice made many aspirants successful and made their journey easy towards grabbing the Cisco Certified Network Professional Security.
