## Discover More about the 500-240 Certification

Are you interested in passing the Cisco 500-240 exam? First discover, who benefits from the 500-240 certification. The 500-240 is suitable for a candidate if he wants to learn about Channel Partner and Other. Passing the 500-240 exam earns you the Cisco Partner Field Engineer title.

While preparing for the 500-240 exam, many candidates struggle to get the necessary materials. But do not worry; your struggling days are over. The 500-240 PDF contains some of the most valuable preparation tips and the details and instant access to useful [500-240 study materials just at one click](#).

## Cisco 500-240 Service Provider Mobile Backhaul for Field Engineers Certification Details:

Exam Name	Cisco Service Provider Mobile Backhaul for Field Engineers
Exam Number	500-240 CMBFE
Exam Price	\$300 USD
Duration	40 minutes
Number of Questions	25-35
Passing Score	Variable (750-850 / 1000 Approx.)
Recommended Training	<a href="#">Cisco Service Provider Mobile Backhaul Field Engineer</a>
Exam Registration	<a href="#">PEARSON VUE</a>
Sample Questions	<a href="#">Cisco 500-240 Sample Questions</a>
Practice Exam	<a href="#">Cisco Partner Field Engineer Practice Test</a>

## 500-240 Syllabus:

Section	Weight
Mobile Backhaul Legacy Interoperability	20%
MBH End-to-End Communication Basics, Implementing Unified MPLS for IP MBH Communication - Clock and Timing	20%
Examining MBH Architecture and Transport Architectures, Migration Strategies for MBH, Foundational Principles of Radio Frequency	25%
Implementing Traffic Management	5%

Section	Weight
Configuring Core Layer Devices, Aggregation Layer Devices, Cisco RAN Access Layer Devices, Advanced Features	20%
Cisco UMMT Service and Control Architectures	5%
Cisco ASR Devices for MBH	5%

## Broaden Your Knowledge with Cisco 500-240

### Sample Questions:

#### Question: 1

High availability at the transport network layer is provided through the combination of what three technologies? (Choose three.)

- a) Alternate Route
- b) Loop-Free Alternate Fast Reroute
- c) BGP
- d) HSRP
- e) BFD
- f) BGP Core and Edge Fast Reroute and Edge protection

**Answer: a, b, f**

#### Question: 2

How does traditional mobile networks scale?

- a) non-exponentially
- b) exponentially
- c) linearly
- d) nonlinearly

**Answer: c**

#### Question: 3

SyncE clocking is provided at what OSI layer?

- a) Layer 3
- b) Layer 2 and 3
- c) Layer 1
- d) Layer 2

**Answer: b**

**Question: 4**

What are three purposes of partitioning the backhaul network into independent IGP domains?  
(Choose three.)

- a) to not enhance stability
- b) to reduce the size of the routing and forwarding tables on individual routers
- c) to ensure that reachability is not possible between domains
- d) to not ensure stability
- e) faster convergence
- f) to enhance stability

**Answer: b, e, f**

**Question: 5**

Which two options configures an ASR920 router as a hybrid clock? (Choose two.)

- a) ptp clock boundary domain 0
- b) ptp clock boundary domain 0 hybrid
- c) ptp clock ordinary domain 0 hybrid
- d) ptp clock ordinary domain 0
- e) ptp clock

**Answer: b, c**

**Question: 6**

If a router receives routes from a route reflector, packets destined to the learned prefixes by default must go through what path?

- a) To the next BGP hop
- b) The Route Reflector
- c) To the Next IGP hop
- d) To the BGP neighbor

**Answer: a**

**Question: 7**

What is frequency, phase, and time of day synchronization in mobile architecture?

- a) was only required for legacy
- b) is not important
- c) is natively supported in IPv6
- d) is a key requirement for the radio equipment

**Answer: d**

**Question: 8**

In a Cisco Unified MPLS for IP MBH network architecture the route scale is managed by the IGP route redistribution is?

- a) doing some route summarization false
- b) by using different IGP routing protocol between the Access and the Core
- c) not distributed access IGP route to the Core
- d) redistributed access IGP route to the Core

**Answer: c****Question: 9**

Which three clock types can an ASR920 router be configured as?

(Choose three.)

- a) Clock
- b) Boundary clock
- c) Transparent clock
- d) Ordinary, Regular
- e) Regular clock
- f) Ordinary clock

**Answer: b, c, f****Question: 10**

In an Unified MPLS for IP MBH context, what are pre-aggregation nodes?

- a) are route reflector clients of the Core Route reflector
- b) are route reflector clients of the core node ASBR
- c) are route reflector clients of the core node ABR
- d) are all route reflector

**Answer: b**

## Avail the Study Guide to Pass Cisco 500-240 Service Provider Mobile Backhaul for Field Engineers Exam:

- Find out about the 500-240 syllabus topics. Visiting the official site offers an idea about the exam structure and other important study resources. Going through the syllabus topics help to plan the exam in an organized manner.
- Once you are done exploring the [500-240 syllabus](#), it is time to plan for studying and covering the syllabus topics from the core. Chalk out the best plan for yourself to cover each part of the syllabus in a hassle-free manner.
- A study schedule helps you to stay calm throughout your exam preparation. It should contain your materials and thoughts like study hours, number of topics for daily studying mentioned on it. The best bet to clear the exam is to follow your schedule rigorously.
- The candidate should not miss out on the scope to learn from the 500-240 training. Joining the Cisco provided training for 500-240 exam helps a candidate to strengthen his practical knowledge base from the certification.
- Learning about the probable questions and gaining knowledge regarding the exam structure helps a lot. Go through the [500-240 sample questions](#) and boost your knowledge
- Make yourself a pro through online practicing the syllabus topics. 500-240 practice tests would guide you on your strengths and weaknesses regarding the syllabus topics. Through rigorous practicing, you can improve the weaker sections too. Learn well about time management during exam and become confident gradually with practice tests.

## Career Benefits:

Passing the 500-240 exam, helps a candidate to prosper highly in his career. Having the certification on the resume adds to the candidate's benefit and helps to get the best opportunities.

## Here Is the Trusted Practice Test for the 500-240 Certification

NWExam.com is here with all the necessary details regarding the 500-240 exam. We provide authentic practice tests for the 500-240 exam. What do you gain from these practice tests? You get to experience the real exam-like questions made by industry experts and get a scope to improve your performance in the actual exam. Rely on NWExam.com for rigorous, unlimited two-month attempts on the [500-240 practice tests](#), and gradually build your confidence. Rigorous practice made many aspirants successful and made their journey easy towards grabbing the Cisco Partner Field Engineer.
